[About the Nevada Chapter Board of Directors](#)

## Newsletters are BORING

Yes, I am serious. Which one of us looks forward with great anticipation to receiving our newsletter or getting an announcement of the posting on the website. And honestly, how many of you rush to the website to read every last word? I thought so.

So, here is what I propose to do. I will do a newsletter and I will put things in it that I think you might be interested and I will put links in it to other news or interest

In an effort to support our community, I would like you to submit stuff too. Articles you may have written, questions about anything pertaining to massage business, job postings, school endorsements, continuing ed opportunities, rooms for

rent, whatever. I will do my best to fill at least one page with advertising. If you are trying to sell something or are advertising a class or school, or anything that will produce revenue. The AMTA NV Chapter will accept donations for placing the ad in the newsletter. The bigger the revenue possibility, the bigger the donation. The newsletter editor will determine if the donation matches the ad and will make the decision whether to place the ad or not.

Your donation could be as low as \$1.00 . You get to decide what your ad is worth.

All submissions must be original art or articles and permission to reprint must

be obtained prior to insertion and all submissions become the property of the chapter. AMTA chapter retains the right to refuse to place any ad or article that does not meet our standards or are in direct competition with AMTA CHAPTER OR AMTA NATIONAL. Additionally your donation does not guarantee the ad will be placed. If your ad is placed, we will keep the donation. If it is not placed, we will return your donations. Simple RIGHT

The ad can be school listings, job opportunities, for sale, rentals, classes but as space is limited the ads are limited to first come, first served. The ad space will not be increased to accommodate all entries.

## Southern Nevada Health District

Thanks to everyone who showed up at the workshops to comment on the SNHD initiative to write regulations pertaining to massage. The turnout sent a clear message to the district that massage therapists have a voice and are willing to use it. Your comments were not ignored and for now, the health district has decided not to bring this regulation draft to the Southern Nevada Health District Commission for any further action at this time. We will keep you informed on this and other developments as we learn more.

## AMTA NEVADA CHAPTER NEWEST MEMBERS AND TRANSFERS—Welcome!
